1 1 cash flow risk agency information investments the first volume dealt with the management of cash flow and the exchange of goods and services risk agency relationships and information the firm manages these aspects by legal tools and practices in the context of all commercial transactions the second volume discussed investments as voluntary contracts belong to the most important legal tools available to the firm the second volume provided an introduction to the general legal aspects of generic investment contracts and payment obligations this volume discusses funding transactions exit and a particular category of decisions raising existential questions business acquisitions transactions which can be regarded as funding transactions from the perspective of a firm raising the funding can be regarded as investment transactions from the perspective of an investor that provides the funding although the perspective chosen in this volume is that of a firm raising funding this volume will simultaneously provide information about the legal aspects of many investment transactions 1 2 funding exit acquisitions funding transactions are obviously an important way to manage cash flow all investments will have to be funded in some way or another the firm's funding mix will also influence risk in many ways funding the most important way to raise funding is through retained profits and by using existing assets more efficiently the firm can also borrow money from a bank or issue debt equity or mezzanine securities to a small group of investors

explains what factoring and invoice discounting are and how businesses can exploit their valuable potential examines the strengths and weaknesses prospects and risks of the factoring industry demonstrates how this financial facility can be most effectively utilized by any organization

the law of personal property covers a very wide spectrum of scenarios and has had little detailed scrutiny of its overarching structure over the years this is a shame it is a system and can best be understood as a system indeed without understanding it as a system it becomes much more difficult to understand this new textbook is intended to provide a comprehensive and yet detailed coverage of the law of personal property in England and Wales it includes transfer of legal title to chattels the nemo dat rule negotiable instruments and assignment of choses in action it also looks at defective transfers of property and the resulting proprietary claims including those contingent on tracing the tort of conversion bailment and security interests by bringing together areas often scattered throughout company law commercial law trusts and tort textbooks it enables readers to see common

themes and issues and to make otherwise impossible generalisations across different contexts about the nature of the concepts english law applies throughout the book concepts are explained rigorously with reference to how they are used in commercial practice and everyday life the book will be of use to students on undergraduate commercial law courses or related llm courses as well as those on integrated property law courses and particularly specialised personal property modules it will also be useful to academics and practitioners working in the area

aim to offer a view of the back ground to and operation of the factory industry

this comprehensive companion provides a unique overview of unidroit the primary independent organisation coordinating the practice of international private law across its 65 member states as the third in the suite of titles covering the three sisters of uniform private law and private international law it considers unidroit s role in the creation of existing uniform law as well as posing questions about its future in the sector

cases argued and determined in the supreme court of north carolina
